PROFILE

I am passionate about creating unique, creative and modern designs on digital platforms. I think it's exciting to define and develop user-friendly functions in a digital product that creates value for both the users and the client. In correlation with my education I have gained a lot of experience in group work, but I also have experience with independent work and responsibility. I always show up and I'm highly committed to the work I am doing as well as being good at communicating and cooperating with others. Throughout my education I have had multiple roles and responsibilities, such as design, photo-production, programming and project management.

WORK EXPERIENCE

DIGITAL DESIGN INTERN

Bolighed A/S | january 2020 – march 2020

I was in an internship in correlation with the multimediadesign education where I for 10 weeks was a part of Boligheds product-design team. I worked on both independent assignments as well as cooperated with the others in the team on bigger assignments.

Assignments/responsibilities:

- Learning and experience in the program Sketch
- Design of the company's "About us" and "Team" pages
- Photographing and photo editing

FREELANCE WEBSITE DESIGNER AND PROGRAMMER

Afspændt, klar og åben | march 2020 – august 2020

I was contacted by a klient who wanted a website for her independent company. The project involved both the designing and programming of a full website from scratch. In correlation with this assignment I created my own company named Roslyng Digital Design.

Assignments/responsibilities:

- Designing all the websites pages in Adobe XD
- Programming the website with HTML, CSS and Javascript
- Structuring and planning of the project

My company's logo:

WORK EXPERIENCE CONTINUED

VOLUNTEER IN COSTA RICA

Jaguar Rescue Center Foundation | march 2018 – april 2018

I have been a volunteer for a month in Puerto Viejo, Costa Rica on the Jaguar Rescue Center Foundation. The work involved responsibility for and care of different exotic animals as well as a close cooperation with other volunteers from all over the world.

Assignments/responsibilities:

- Feeding and taking care of exotic animals
- Cleaning the cages
- Cooperation and communication with other volunteers (english and spanish)
